Retreat is a testament to our vision of sophisticated living where nature and luxury converge to form a harmonious balance. Every detail has been carefully curated to ensure that Retreat not only enhances the beauty of its surroundings but also becomes a true refuge for those who live here. Our goal was to elevate everyday living by seamlessly blending wellness and luxury. We have crafted an environment that

nurtures both body and mind, offering residents a private sanctuary where relaxation and well-being are woven into the very fabric of the design. The wellness amenities reflect this philosophy, from the heated pool, cradled in lush tropical gardens, to the mineral hot bath, ice bath, and infrared sauna. Every element has been thoughtfully designed to create a soothing, spa-like experience where the weight of the outside world simply melts away.

3 BEDROOM MASTER ENSUITE

COME HOME TO CALM

*A ritual in
stone and light*

Minimal, yet deeply expressive. The ensuite is anchored by a statement bath that invites immersion, both physical and sensory. Rounded forms, curved lighting, and stone-toned finishes create a space that feels more like a retreat than a routine. Here, wellness begins in stillness.
